

SpyderDisplays

Exhibition Displays and Services

THE COMPLETE Exhibition Experience

Not sure where to start with your stand? We can help from specs and design, all the way to setup and transport. We will make sure it is customised to your needs.

HD Velcro Graphic Panels

Cost effective Solution

A lightweight and adaptable textile solution to suit all wall sizes. Able to be folded up to fit in your travel luggage, HD Exhibition panels can help your business stand out at any event. Finished with Velcro or hanging rails, the finished panels are a cost effective solution for your next exhibition. Available in standard or custom sized to your specifications.

Portable Display Walls

Lightweight and Durable

The most popular booth option for a 3mx3m or 6mx3m exhibition or trade show spaces. We have several styles of pop up walls available including our EzyFrame series, Elite Pop Up Stand and our SuperTex PopUp. The key benefits are durability, ease of setup, transport weight and quality of graphics. A range of accessories complement including shelving, TV brackets, counters and lighting.

Light Box Modular Displays

Impressive Impact

Our modular Light Box Displays can be made to any height or width and create an immediate impact at your event. The frames are made from quality aluminum products and LED lighting, and finished with our Australian printed Light Box textiles up to 3.2m wide. Our design team will work with you to design a Light Box solution to suit any booth size, and integrate many extra components including TV's, shelving, flooring and counters.

Smart Frame Modular Displays

Endless Solutions

Our Australian designed and manufactured Smart Frame modular system is adaptable to all your events. Designed to be interchangeable and easy to setup, it can look like a high end exhibition stand without the huge costs. There are endless configurations allowing you to personalise your display and promote your business from every angle with innovative and bold designs.

Custom Design Exhibit Stands

Freedom of Style & Expression

Our Custom Exhibition Stands are a bespoke solution designed to impress your audience with a sophisticated design, quality finishings and interactive features. They are completely designed and manufactured based on your specific show objectives and may include elements like towers, lighting, meeting areas, conference spaces and product display stations.

Light Box Modular Display

Bring your Exhibition or Showroom to life with our Light Box Modular Display. The brightly illuminated printed Light Box textile creates an impressive impact at your next event.

Our team can design the perfect Light Box setup with endless configurations including display walls, hanging banners and impressive archways.

Our Light Box modules can be integrated into our Custom Designed Exhibitions Stands and Smart Frame Module System.

The configurations are designed, **manufactured and printed in Australia** to give you confidence of a system built for local conditions.

- High quality energy efficient LED lighting to create the most effective finish
- Available in endless configurations to suit even the most creative of requirements, at only a fraction of the cost of larger display stands.
- Our high-quality fabric printing is tensioned across your frames with a durable crease-free polyester material that allows for larger spans than traditional rigid board panels.
- Designed, manufactured and printed in Australia to the highest standards

An Impressive Lightshow

Smart Frame Modular Display

Our Australian designed and manufactured Smart Frame Modular System is adaptable to all your events with endless expo booth configurations available.

With standard frames ranging from heights of 1.4m to 3.0m high, and widths of 650mm to 6.0m wide, and custom frames made to your specifications, there is a solution for any setup.

Enhance your setup with our quality flooring system, our newly designed Smart Frame Timber Counters, or integrate one of our Light Box modules and TV solutions.

The configurations are designed, **manufactured and printed in Australia** to give you confidence of a system built for local conditions.

- Easy to assemble and can be set-up by our customers, or by our qualified installers, anywhere in Australia.
- Available in endless configurations to suit even the most creative of requirements, at only a fraction of the cost of larger display stands.
- Our high-quality fabric printing is tensioned across your frames with a durable crease-free polyester material that allows for larger spans than traditional rigid board panels.
- Our Smart Frame Tension Fabric System is an Australian-designed, manufactured and printed product.

Endless Configurations

Design - Build - Deliver

About Us

Since 1987, Spyder Displays have built a reputation around personalised customer service, innovative creativity, excellence in quality, managing time and value for money!

Customer Services

We pride ourselves on close personal service with all our customers, be they large corporate organisations or small business. Our customers are the key to our mutual success; we never lose sight of this fact! We will work closely to come up with the best solution to suit all requirements.

Creativity

At Spyder Displays we offer innovative display solutions to maximise your products' visual cut through. We have a large number of portable display solutions for your particular needs, plus we can design customised solutions to optimise any presentation. Our designs are specifically manufactured with ease of installation and dismantle as a major design feature, thus maximising efficiency and usage.

Quality

Whether it's our display system or our accompanying high quality digital prints – our quality is second to none! All Spyder display systems are engineered to the highest industry specifications and manufactured to rigorous quality standards. It is our absolute confidence in all our materials and workmanship that enables us to provide our unique no nonsense guarantee.

Time

We understand that timing is everything. We work to your timelines and closely manage our client's expectations in terms of delivery to deadline. Each stage of the production process is mapped out and scheduled for our clients' sign off to ensure we meet deadlines every time.

Price

We operate in the competitive market where value for money is an imperative requirement for our clients. We deliver a product that will measurably and effectively demonstrate a return on investment.

A team you can trust

With more than 250 years of combined printing and exhibition experience, the Spyder team will supercharge your next project.
